

Our Estate to Plate Ethos

Swinton Estate is proud to utilise the 'Estate to Plate' ethos in all its kitchens. Within the Parkland lies the four-acre Walled Garden (the largest hotel kitchen garden in the UK), that grows over 60 varieties of fruit, herbs and vegetables.

You will often see chefs wandering into the garden to collect ingredients for the day!

Produce that can't be sourced from the Walled Garden is sourced from either the 20,000-acre Swinton Estate or local, Yorkshire suppliers, limiting food miles where possible.

You may notice that an ingredient is used more than once across our menu in different forms. Our chefs are creative and will get the most out of a single ingredient before moving on to the next bounty and allowing the previous to replenish for the next year.

COCKTAIL MENU

Served daily *until 11pm*
