SUSTAINABLY MEETING YOUR NEEDS

The Swinton Estate has sustainability at its core. From heating provided by on-site biomass boilers, reed bed filtration systems and vast tree planting schemes, to menus created in partnership with Estate farm tenants, its award-winning green credentials set a new standard for green tourism.

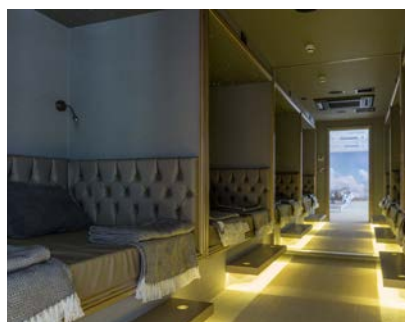

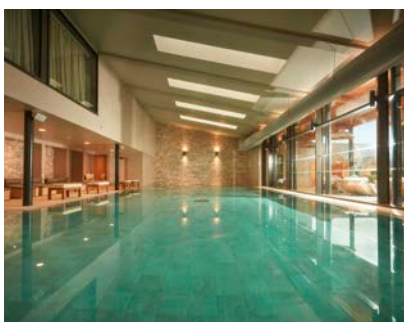

SWINTON BIVOUCAC

Swinton Bivouac is located four miles from Swinton Park Hotel and forms part of the 20,000 acre Swinton Estate – a piece of ‘off-grid’ heaven – providing an incredible feeling of space and tranquillity in a truly natural environment.

The Bivouac is founded on the firmest environmental principles, with an unwavering commitment to sustainable tourism.

Situated at the edge of the moor and nestled into the shelter of the Druid’s Temple plantation. Swinton Bivouac is a destination with unparalleled views and scenery. It makes for a unique setting for an outdoor meeting, wedding or family celebration.

When booking an evening event in the Tipi we do require all the yurts to be reserved in order to guarantee privacy and quiet for all of our guests. You can extend the accommodation offering by booking some of the tree lodges up in the woods.

You can further enhance any stay with us by making use of the Swinton Country Club facilities for a small additional charge or why not include some of the outdoor activities available to make your event even more fun? More details available on request.
